SUBJECT: Renewal of Request for Loan of [] from CIA.

25X1

25X1

On June 30, Governor Stassen wrote Mr. Allen Dulles requesting that CIA lend us [] an outstanding expert on civil police administration, to assist in developing our enlarged responsibilities in this field. [] has recently completed two police surveys for us. It was our proposal that he head up the civil police work of our Public Administration Division for the next six months, during which time he could aid very substantially in developing the operational policy framework, recruit qualified personnel for field service, and locate and train his own successor.

25X1

On July 8, Mr. Frank G. Wisner, Acting Director of CIA in Mr. Dulles' absence, replied to our request. He agreed with our views concerning []'s competence, but stated that CIA could not release him because of its own need for his services.

25X1

25X1

Mr. Naughten, and other ICA staff members concerned with our prospective operating problems in this delicate field, agree that we should ask you to present this situation informally to Mr. Dulles and request his reconsideration. ICA will have the primary responsibility for providing technical assistance in civil police administration, possibly in as many as 20 countries. Unless we can secure a person of [] competence quickly, the program will be delayed. In his ICA assignment, [] will have responsibility for maintaining ICA liaison with CIA on this subject. As we understand it, this liaison and consultative function would be one of his major functions at CIA. In this sense, his loan to ICA would serve both purposes.

25X1

Since receipt of Mr. Wisner's letter, Mr. Naughten and I have reviewed other possibilities for this post. We have found no one who so uniquely fills the personal and substantive requirements as [] who also has the advantage of being readily available if his agency concurs.

Would it be feasible for you to raise this question with Mr. Dulles? Attached is the previous correspondence.

Dear Governor Stassen:

Due to the temporary absence of Mr. Dulles, I am taking the liberty of replying to your letter of June 30 to him. It is with sincere regret that I am unable to concur with the detail of Mr. F. [redacted] to the Foreign Operations Administration in connection with the 1290-d program. As you pointed out, [redacted] is well qualified in this field.

In the fall of 1954, Mr. Dulles decided to place an increased emphasis on the counter-intelligence aspect of the activities of this Agency. At that time it was the plan of his counter-intelligence staff that after [redacted] returned from the field, he would be assigned as a section chief in charge of the training program of this Agency relative to the counter-intelligence aspects of police and internal security forces. With the development of 1290-d, [redacted] work with this Agency will be considerably expanded in that, in addition to the above, he will be responsible for the supervision of this Agency's participation in the 1290-d program.

It is the desire of Mr. Dulles that, in the performance of his duties for this Agency, [redacted] work most closely with PMA and that he be of whatever assistance he can, consistent with his functions here. [redacted] is now in Washington and has assumed the responsibilities of his new position. It would be most difficult to replace him at this time.

The decision not to detail [redacted] to FOA has been made most reluctantly in view of your personal request and the importance of the program to both FOA and this Agency.

Sincerely,

FRANK G. MESNER
Acting Director

FOREIGN OPERATIONS ADMINISTRATION

OFFICE OF THE DIRECTOR

Washington 25, D.C.

JUN 30 1955

W. R.

Dear Mr. Dulles:

As you know, following National Security Council Action 1290-d, the Operations Coordinating Board has suggested that the Foreign Operations Administration should expand its program of technical assistance in civil police administration in certain specified countries.

I am sure you will agree that a key element in the success of technical cooperation in this delicate field is the competence and experience of the American personnel who are to advise foreign police officials and arrange for the training of foreign police forces.

In order to assist FOA to organize and staff for its expanded civil police activities, I should be most grateful if the Central Intelligence Agency would detail [redacted] to this Administration. We would hope that [redacted] could take charge of the civil police work of our Public Administration Division for a period of six months. During this time we would wish him to formulate general policy framework for this field of activity; to assist in developing the administrative structure and locating properly qualified staff; and to maintain necessary interdepartmental liaison.

I hope you will agree to this proposal as a significant step in developing an activity important to both agencies.
